

HABITAT RESTORATION

Thursday Work Parties

9:00 AM - 12:30 PM

Ridgefield National Wildlife Refuge

(Meeting location- Carty Unit: 28908 N Main Ave., lower parking lot next to the bathrooms.)

HELP RESTORE HABITAT ON THE REFUGE

You are invited to help create a beautiful future for the new Oaks-to-Wetlands trail area. Between the months of March and July the "Oak Release" project removed 34 acres of fir trees on the Refuge to conserve white oak habitat. Join us this fall to take part in an exciting mission to restore the native habitat through blackberry removal and native seed planting.

We provide snacks, coffee, and water. All work days are rain or shine. Wear long pants and sturdy shoes. Gloves and eye protection are provided. Arrive early to sign paperwork.

Parent/Guardian signature required for those under 18.

Volunteer & Community Service Opportunities

—October—

Thursdays: 3, 10, 17, 24, 31

—November—

Thursdays: 7, 14, 21, 28

**Email to sign-up, or for more info:
